  - Official that there will be no disassociation-recruitment coaches will not dissociate, this year. This benefits women who recruit lower numbers, it does not negatively impact other chapters. This will help us challenge stereotypes that have been established about individual chapters on our campus.
    - Associate chapters-can only participate as Recruitment Assistants due to the fact that we want to have equal representation across the board from chapters participating in formal recruitment.
    - Assistants still go through all of the training but they do not have a recruitment group of PNMs. They work closely with the Director of Recruitment Operations.
    - Any questions, concerns, suggestions please direct to me
