

October 8, 2020 Order of Omega General Meeting

Welcome & Introductions

- Leadership Introductions
- Membership Introductions (Icebreaker Activity- in breakout rooms)
 - General Introduction (Name, Pronouns, Chapter, Leadership Position)
 - Question Game

Order of Omega Experience & Expectations

- Programming Brainstorm
 - What type of programming would you like to see Order of Omega implemented?
 - Interviewer practice, resources after graduation (professional careers, grad school, law school, etc.), taking enneagram tests about your strengths and weaknesses, resume aid (how to have a strong resume, what to incorporate, how to build it), seeing who's in our classes and majors
 - Joining in on a philanthropy like many chapters to have a base area Can's around the Oval CSU Special Olympics programming Focusing on philosophical programming Tutoring kids virtually Junior Achievement Program
 - Get everyone's majors/class schedule and make study groups based on that. Get interactions across councils that way too. We like the idea of setting up a tutoring type of thing - maybe with middle or high schools in the Fort Collins area. We could also help these students with transitioning to/getting ready for college
 - Having more virtual social events (to meet people outside of your own chapter or council), having study groups, having some way to find peers in OoO within the same major so we could study or help each other in classes, having guest speakers during some meetings, creating support systems within OoO, especially for our own chapter's chairperson positions
 - What are your hopes for CSU and FSL community involvement?
 - Events with food (socially distanced)
 - Having a bigger impact/involvement on campus Getting the name out there Having more interactions with the CSU Community
 - (one person in our group talked about philanthropy somewhere like this in Longmont). In the future when things are back to normal would love to do more and get more involved, but kind of hard right now.
 - Maybe OoO has its own philanthropy and could host activities/service events for that philanthropy. If we have a common goal and common philanthropy people may take it more seriously and be more involved. Would love to help out even more within the CSU community
 - More involvement within FSL on campus (which could also act as a way to get information about OoO to other members of Greek organizations),

- find some ways to do volunteer programs within the Fort Collins community (ex: mentorship programs)
 - How many hours are you willing to dedicate toward Order of Omega?
 - 1 event outside meetings per month (10 hours a semester including meetings, service events)
 - 1 hour biweekly (having flexibility is important, and being able to do it on your own time also is important)
 - The current hours is perfect In normal times, 10 hours is a perfect amount
 - In a normal semester, maybe 15? This semester though we appreciate the cut requirements - it is really hard to keep track of everything right now and stay involved with things
- Expectations Brainstorm
 - Current Expectations
 - Attend general two general body meetings
 - Complete three service hours, outside of your chapter's service hours
 - Finding ways to complete these hours that are socially distanced
 - For this semester, that seems good! It would be helpful to send out service opportunities because everything is so limited right now due to COVID
 - What expectations do you believe that members of Order of Omega should uphold?
 - Required to attend at least one leadership or professional development meeting per semester (whether through OoO or through sorority/fraternity), minimum GPA requirement, possibly reduce requirements due to COVID
 - Be in good standing with your chapter and academics. Maybe a GPA requirement? Hard to say that this semester because everyone is already so stressed and hybrid/online is difficult, but in the future this could work. In a normal semester, (not crazy COVID semester) could have a leadership or professional development requirement, but would like to have options for this (ie attend a leadership seminar/workshop, hold a leadership position, etc.)
 - - Providing a list of possible community service to do for members to achieve those hours outside of their chapters - Setting a dollar amount to raise money for a specific organization that can translate into hours - Having a community list of possible CSU events to commit too
 - Being honest and having integrity talking about academics, especially if you're struggling in classes. Make time to participate, we signed up to be involved with this also Being respectful while also giving an environment that people can share their opinions

Announcements

- Order of Omega Applications are Open!
 - Applications can be found [here](#) and are due Friday, October 9, 2020

Future Order of Omega Meetings

- OoO Induction Ceremony: Wednesday, November 11, 2020 at 6p.m. MST via Zoom
 - <https://zoom.us/j/92595695409>

Questions & Concerns

- Information Collection
 - Please fill out the Google form linked in the chat prior to leaving this meeting!
<https://forms.gle/EQfXiuPpPNxEnQq5>
 - - Name
 - Chapter
 - Semester Inducted into OoO
 - Anticipated Graduation Date
 - Have you received your OoO badge/pin?
 - Have you received your OoO certificate?
- What questions do you have for OoO leadership?
