 - i. This week is National Hazing Prevention Week
 1. <https://endhazing.colostate.edu/>
 2. “While we should always be thoughtful about our hazing prevention efforts, this week presents an important opportunity to engage in reflection and dialogue about hazing. Hazing prevention is a shared responsibility. If your chapter or council believes hazing is valuable and you know there are practices in your chapter that could be considered hazing, try on a different perspective and consider why you think that way. If you believe your chapter or council doesn’t haze, think about your knowledge of hazing in other groups at CSU and what your role is in addressing hazing more largely”
