COLORADO STATE UNIVERSITY

Joint Policy on Philanthropy & Fundraising

Please include the following text: (Governing all Chapters of the Interfraternity Council, Multicultural Greek Council, National Pan-Hellenic Council, Panhellenic Association, and Professional Fraternity Council.)

Preface

This policy was approved by the Interfraternity Council on 04.15.24, by the Multicultural Greek Council on 04.15.24, by the National Pan-Hellenic Council on 04.15.24, by the Panhellenic Council on 04.15.24 and by the Professional Fraternity Council on 04.15.24.

All recognized chapters or pre-chartered organizations must follow their inter/national organization's philanthropy and fundraising event policies and procedures. In the event of a discrepancy between the Fraternity & Sorority Joint Policy on Philanthropy & Fundraising Events and an inter/national organization's policies, the chapter shall follow whichever guidelines are stricter. In the event of co-sponsored philanthropy events, the most stringent policies of the participating organizations must be followed by all chapters.

A philanthropy event is defined as any event hosted by a recognized chapter or pre-chartered organization at Colorado State University at which funds or resources are raised for a 501(c)(3) nonprofit organization or beneficiary that is not the hosting organization(s). Philanthropy events may also be hosted for charitable causes of significance to the hosting organization (i.e., supporting chapter members experiencing loss or health concerns). Any event that meets this definition must undergo the philanthropy registration process and must be compliant with all relevant policies.

A fundraising event is defined as any event hosted by a recognized chapter or pre-chartered organization at Colorado State University in which funds are being raised to provide financial assistance to the hosting organization. If fundraising for a non-501(c)(3) written documentation must be provided to the participants/donors that their donation is not tax deductible. An event that meets this definition must undergo the fundraising registration process and must be compliant with all relevant policies.

Amendments and Enforcement

Amendments to the Fraternity & Sorority Joint Policy on Philanthropy & Fundraising Events shall be voted on and approved by each active governing council and must receive a two-thirds (2/3) vote of all active and present voting chapters. Amendments to the Fraternity & Sorority Joint Policy on Philanthropy & Fundraising Event shall not take effect until passed by all active governing councils.

All alleged violations of the Fraternity & Sorority Joint Policy on Philanthropy & Fundraising Events may be referred to the Joint Judicial Board, made up of members from active governing councils.

Philanthropy & Fundraising Event Types:

1. **Signature Events:** Large-scale philanthropy or fundraising events that encourage participants' attendance for two hours or more and often require participant registration and/or participant teams. Common examples of signature philanthropy events include sports tournaments, and other large-scale competitions (such as talent shows or cook-offs). Proceeds generated are donated to a 501(c)(3) nonprofit organization or a cause for which the chapter is fundraising
2. **Drop-In Events:** Small-scale events of a drop-in nature, meaning that participants can choose to attend the event for any length of time. Common examples of drop-in events include meals, dessert receptions, etc. These events must include presale and/or day of tickets, which are redeemed for a particular good or service.
3. **Drives/Collection Events:** Events with a primary purpose of collecting goods or resources. Common examples include bone marrow registration events, blood drives, and book and clothing drives.
4. **Percentage Nights:** Events held in partnership with a local business, through which a certain percentage of sales generated will be donated to a 501(c)(3) nonprofit organization or a cause for which the chapter is fundraising.
5. **Sale:** Events through which the chapter is selling goods or services (food, t-shirts, bracelets etc.) with the intention of donating the proceeds to a 501(c)(3) nonprofit organization or beneficiary or to provide financial assistance to the chapter
